Monthly Operating Report Notes - May 01 through May 31

Note 1

The financial statements and supplemental information contained herein are unaudited, preliminary, and may not comply with generally accepted accounting principles in the United States of America ("U.S. GAAP") in all material respects.

Financial Accounting Standards Board Accounting Standards Codification 852, (Reorganizations) ("ASC 852"), which is applicable to companies in chapter 11, requires that financial statements for periods after the filing of a chapter 11 petition distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business. The financial statements have been prepared in accordance with ASC 852. The unaudited financial statements have been derived from the books and records of the Debtors. This information, however, has not been subject to procedures that would typically be applied to financial information presented in accordance with U.S. GAAP, and upon application of such procedures, the Debtors believe that the financial information could be subject to changes, and these changes could be material. The information furnished in this report includes preliminary normal recurring adjustments, but does not include all of the adjustments that would typically be made in accordance with U.S. GAAP.

The results of operations contained herein are not necessarily indicative of results which may be expected from any other period or for the full year and may not necessarily reflect the results of operations, financial position and cash flows of the Debtors in the future.

Note 2

The Monthly Operating Report is limited in scope, covers a limited time period, and has been prepared solely for the purpose of complying with the reporting requirements of Rule 2015 of the Federal Rules of Bankruptcy Procedures, Bankruptcy Local Rules for the Southern District of Texas, and the Guidelines for Debtors-In-Possession promulgated by the Office of The United States Trustee for Region 7. The unaudited financial statements have been derived from the books and records of the Debtors. The information presented herein has not been subject to all procedures that would typically be applied to financial information presented in accordance with GAAP. Upon the application of such procedures, the Debtors believe that the financial information could be subject to changes, and these changes could be material. The information furnished in this Monthly Operating Report includes normal recurring adjustments, but does not include all of the adjustments that would typically be made for interim financial statements in accordance with GAAP.

Note 3

Liabilities Subject to Compromise: As a result of the chapter 11 filings, the payment of prepetition indebtedness is subject to compromise or other treatment under a plan of reorganization. The determination of how liabilities will ultimately be settled or treated cannot be made until the Bankruptcy Court approves a chapter 11 plan of reorganization. Accordingly, the ultimate amount of such liabilities is not determinable at this time. ASC 852 requires prepetition liabilities that are subject to compromise to be reported at the amounts expected to be allowed as claims, even if they may be settled for lesser amounts. The amounts currently classified as liabilities subject to compromise are preliminary and may be subject to future adjustments depending on Court actions, further developments with respect to disputed claims, determinations of the secured status of certain claims, the values of any collateral securing such claims, rejection of executory contracts, continued reconciliation or other events.

Note 4

ASC 852 requires expenses and income directly associated with the chapter 11 filings to be reported separately in the income statement as reorganization items. Reorganization items includes write off of discount, premium, debt issuance costs, and derivatives associated with long-term debt, expenses related to legal advisory and representation services, other professional consulting and advisory services, debtor-in-possession financing fees and changes in liabilities subject to compromise recognized as there are changes in amounts expected to be allowed as claims.

Note 5

Reservation of Rights: Given the complexity of the Debtors' business, inadvertent errors, omissions or over inclusion of contracts or leases may have occurred. Accordingly, the Debtors hereby reserve all of their rights to dispute the validity, status, enforceability, or executory nature of any claim amount, representation or other statement in this Monthly Operating Report and reserve the right to amend or supplement this Monthly Operating Report, if necessary, but shall be under no obligation to do so.

Note 6

On February 27, 2018, the Company closed a settlement agreement with a joint venture partner to resolve arbitration regarding the right to participate in an area of mutual interest in the Appalachia region. As a result of the settlement, the Company acquired its joint venture partner's interests in certain entities that own and operate oil and natural gas properties and other assets in the Appalachia region. See further information related to this settlement in the Company's periodic filings with the SEC. The acquired entities became wholly owned subsidiaries of certain of the Debtors as of the closing of the settlement agreement; however, the entities are not Debtors under the Chapter 11 cases. The Company's consolidated financial statements presented on MOR-2, MOR-3, MOR-4, MOR-5, and MOR-6 include the financial results of these non-debtor entities subsequent to the closing of the settlement agreement. The liabilities labeled as post-petition include both the post-petition liabilities of the Debtors as well as the liabilities of the non-debtor entities that are not considered to be subject to compromise. The financial information presented on MOR-7, MOR-8, and MOR-9 is focused on the cash receipts and disbursements of the Debtors and exclude non-debtor entities.

Note 7

The jointly administered Debtors are authorized to file monthly operating reports on a consolidated basis, and have presented disbursements by debtor entity in Exhibit D attached.
